

Dylan

Dylan's deep seating comfort is sure to be enjoyed by all. Contrast stitching highlights the detail found in this large scale design. The double pillow back gives Dylan a luxurious look that compliments a layered pad arm.

Choose from any of the sixteen leathers available on any Dylan piece. The five warehoused leathers are available for faster delivery. The other eleven colors are special order and may take longer for delivery. Ask your sales associate for details.

Creating fine upholstered furniture for more than a century, Flexsteel offers comfort and durability, backed by lifetime warranted frame and blue steel seat spring. Latitudes seat cushions feature high-resiliency polyurethane foam with a fiber wrap and are warranted for five years.
